BUSINESS OPPORTUNITIES IN GHANA

The Ministry of Trade and Industry (MOTI), Government of Ghana is embarking on large-scale programme of setting up of at least one medium sized industry in around 100 districts of Ghana. The identified projects are predominantly in the processed food sector, with few projects in textiles, ceramics, tourism infrastructure and handicrafts.

MOTI is looking for strategic partners from India with a proposed minimum equity of 60% as joint venture with local community / district assembly. In addition, the proposed projects would provide business opportunities for export of machinery and equipment from India.

This business opportunity would be of interest to Indian companies. Interested companies may contact the India High Commission at Accra, Ghana, directly for further details. The address and contact details are given below for ready reference:
