“Catalogue Show of Indian Companies and Products”

Dear Members,

We have been informed by the Indian Embassy, Addis Ababa (Ethiopia) about the forthcoming “Catalogue Show of Indian Companies” to be held in Addis Ethiopia sometime in December/ January.

As you are aware, India is a growing partner of Ethiopia in the commercial and trade fields. The Embassy is particularly keen to mobilize private sector investment and partnership with Ethiopia. From the public sector, Indian companies are participating in various projects in the fulfillment of Ethiopia's developmental goals. A number of Indian companies, consultants and professionals are already in Ethiopia to help achieve some of these objectives. More than 150 Indian companies have obtained approvals from the Ethiopian Investment Commission in investment projects and joint ventures in Ethiopia. Various Ethiopian government Ministries and departments have indicated their support to promote commercial and trade links with India, and learn from its developmental experience in various fields. The support has also come from various Ministers and from the top levels of the Ethiopian Government.

In order to take full advantage of the positive sentiments and environment, the Embassy proposes to undertake various trade promotional activities. One of these would be to hold a Catalogue Show in Addis Ababa in the next few months. This will help us to disseminate information on the capabilities of Indian companies, manufacturers and those engaged in the services sector in different fields.
